Subject: OR CZARA: Format of Bi-monthly updates for NWEA

Jayne,

Just to wrap up this loose end with you, see below. Also, Lynda had already discussed this with Christine and Joelle and came around to Christine's position on the phone with them.

I just got it. Thank you. Bottom line: you are okay with written updates, given Christine's argument in favor of them.

Subject: Attn Lynda - OR CZARA: Format of Bi-monthly updates for NWEA?

Lynda,

Jayne Carlin asked me to follow up with you with regard to your preference on the format of the bi-monthly updates we have agreed to provide NWEA to resolve the Settlement Agreement dispute. NWEA is assuming these updates will be provided in written form. I think you had suggested a preference for oral updates. It is my understanding that R10 had assumed these would be provided in writing. Is this something that you need to discuss further with Joelle and Christine or are you okay with the federal partners providing NWEA with bimonthly updates in writing?
